Man charged with rape

A 44 year-old Haliburton real estate salesman has been charged by police with the attempted rape of a juvenile early last Saturday morning.

Remanded to Provincial Court, Minden, is Cecil Carl Hall, age 44, of Maple Lake.

According to the young victim's father his daughter had just completed an evening's babysitting for a Haliburton Village family and was being driven home when the attempted rape occurred.

Investigation is continuing in this matter by Constable T. R. Brown of the Minden Detachment of the Ontario Provincial Police.

Spring around corner?

Can spring be far off? That's the question we asked ourselves the other day when George Elstone who lives at R. R. #2 Haliburton reported to the Echo that he spotted a butterfly in his yard near his home on Saturday last. This was very unusual for this time of year and Mr Elstone took a picture of the butterfly as proof.

Another reason to make us think that spring may be just around the corner is the fact that Mr Elstone also noted a mosquito flying around on the same day.

was Richard Calvert, age 18, of 69 Angeline Street, Lindsay who remains in satisfactory condition at RMH with fractures.

Funeral services were held Tuesday for Mr and Mrs Dagg and services for Karen will be at the Mackey Funeral Home, Peel Street, Lindsay at 2:00 p.m. Friday.

Other surviving members of the family are Terry, age 19, Kathy, age 14, and Wayne, age 16.

The Ontario Provincial Police Detachment at Minden have been issued a Borkenstein Breathalyzer. This piece of equipment makes a test of the breath to determine the percentage of alcohol in the blood. A person blows into a tube and the air is bubbled into a solution. A reaction takes place and a reading is obtained showing the percentage of alcohol in the blood. Constable Jim Solway of the Minden Detachment of the OPP, who will be one of the operators of the machine is pointing out how the machine works to Judy Francis, clerks stenographer at the Detachment's office in Minden.

It is an offence under the Criminal Code of Canada to operate a motor-vehicle or vessel with more than 80 milligrams of alcohol in your blood. A police officer who believes that a person is operating a motor vehicle while impaired, may make a demand for a sample of breath. (I demand that you provide a sample of your breath suitable to enable an analysis to be made in order to determine the proportion, if any, of alcohol in your blood and that you accompany me for the purpose of enabling this sample to be taken). It is an offence to fail to provide a suitable sample of breath. A person operating a motor vehicle who provides a sample with a reading greater than 80 milligrams of alcohol in the blood, or who refuses to provide a sample is guilty of an offence and is liable to a fine upon conviction, of not less than \$50 and not more than \$1,000, or to imprisonment for not more than six months, or both.

Glen Hodgson says:

Local councils should decide if roads are suitable for snowmobiles

Whether or not snowmobiles will be allowed to operate on municipal roads is rightly the decision of local councils involved. That is the thinking of Victoria - Haliburton MPP R. Glen Hodgson as outlined in a message directed to constituents on the subject of snowmobiling. "This government feels that people at the local level are much more aware as to what roads are relatively safe as far as traffic conditions are concerned," he states ... "And, of course there are parts of this province where during the winter months snowmobiles are the only sensible form of transportation."

The member of the Ontario legislature made the observations as he pointed out provisions of the Motorized Snow Vehicles Act which provides that snowmobiles will not be allowed on any provincial highways.

Mr Hodgson reviews developments leading to the introduction of the act in these words:

"A recent decision by the Supreme Court of Canada, in a suit against Kerr - Addison Mines Limited, ruled that landowners who know snowmobilers are likely to trespass on their property have a duty to prevent any situation which may cause injury to the trespassers. This decision was of great concern to me since it has serious implications for all property owners, especially in rural areas.

"Your government believes strongly that a property owner should not be liable for injuries sustained by a trespasser unless those

injuries were wilfully or maliciously caused. Consequently, the Motorized Snow Vehicles Act was introduced to protect both farmers and landowners from any similar law suit.

"The legislation requires that:

1. the operator of a snowmobile obtain written permission from the owner of private property before he enters that property;

2. upon request of the property owner the snowmobile operator will be required to identify himself and produce the written permission to cross the property;

3. where a complaint of trespass is made, the Crown will assume responsibility for investigation and prosecution;

4. a property owner will not be responsible for injuries sustained by any snowmobile operator (with or without written permission to be on the premises) provided of course the land owner does not maliciously plan to cause such injuries; and

5. any damages caused by a snowmobile will be the liability of both the operator and the owner.

In an effort to avoid situations such as trespassing, the government has established a trails council which represents the interests of farmers, outdoor sports groups, conservationists and recreational authorities.

A network of trails will be established - some for cross-country skiers, others for snowmobilers and others for combined usage.

OPP investigates stabbing at Wilberforce arena

Two juvenile persons had an altercation and one stabbed the other with a jack-knife in the back on the left flank.

One juvenile has been charged with wounding, a criminal offence which has been laid under the Juvenile Delinquents Act.

News Letter

Dogs are running loose again in the village of Haliburton. This is strictly against the law. It's time that the owners of these dogs received some stiff fines to make them keep these dogs tied up.

The municipal employees were out in full force last Wednesday cleaning the streets in Haliburton and once again did their usual good job.

For the past few months we have been stating through the columns of our newspaper that a new Public Address system was badly needed at the Haliburton Arena. We are glad to report that a new P.A. System has now been installed at the arena at a cost of approximately \$3,000.00.

The Rotary Club of Haliburton is hoping to send one or two rinks to the Rotary Curling Bonspiel in Peterborough on January 27.

Red Cross reminds you: When skating or walking on ice covered ponds, lakes or rivers constantly check the ice ahead. Stay away from partially submerged obstacles; avoid dark, discoloured or cloudy ice and stay well away from any open water.

May we remind you again that the deadline for news and advertising material for the Haliburton County Echo is Monday at 5 p.m. We would certainly appreciate it if you could get your material to us before Monday if possible. We are finding that when everything comes in on Monday it makes it quite difficult for us to do it all in one day.

One of the Bancroft Midgets' hockey players broke his leg in a hockey game with the Haliburton Midgets played in Haliburton last Tuesday night.

May we remind all you snowmobilers that the lakes in Haliburton County are still not safe.

In conversation with many of the business establishments in Haliburton County in most cases they tell us that business during the month of December was as good as a year ago if not a little better. In some cases it was just about the same.

In closing this week we would ask you to support minor hockey in your community.

Along the Trails

By Roy Bates

Membership keeps growing, thanks to the many new people who have come in. But of nearly 200 on the '75 roster to date, only one third are renewals. Why not mail your cheque - \$5.00 - to Box 151, Haliburton, now, and keep on our mailing list.

In our bulletin to members, mailed out last week, we suggested that you think rain to get the lakes watered up so they'd freeze down for good riding. Enough already! Now we need a few cold nights, to be followed by snow. Pray the cold come first.

At the HCSA meeting held January 7 at the home of Steve Langerap, in Harcourt, there was much discussion of Snowerama with some route changes proposed. It looks now like the return journey may be by way of the Libsy Lake trail and the Old Guilford Road. The Snowerama Committee, headed by Dennis Casey, will be busy in the next couple of weeks getting everything in shape for a successful event, February 2.

The meeting was also a time for paying bills. A number of accounts were presented - printing of maps, trail markers, decals, membership cards; new tracks for one of the used Alpines purchased earlier; complete reconstruction of one grooming device - and money was allocated for another new Alpine and drag unit.

How much can be accomplished with the four groomers will depend on whether the Province comes through with monies for payroll. Meanwhile they will be stationed at strategic points around the county, where volunteers can work them evenings and on weekends, with a minimum of transportation as soon as snow comes again to the trails.

A number of new dry land trails have been cleared by volunteer work parties throughout the fall and the Christmas season. Other trails were widened to allow for grooming, and this work continues with emphasis now on erecting trail markers. Watch for the new light green signs, with black directional arrow, bearing the crest design of the HCSA. Snowmobilers willing to help tack these up along the trails will be welcomed. Please contact Dennis Casey, 457-2152, or any Director.

Winter Carnival requires enthusiasm

On February 21-22-23 everyone will be letting their hair down and going out to really celebrate one of the biggest events of the year, the annual Haliburton Winter Carnival.

The Carnival chairman Bill Emmerson and co-chairman Glen Blair along with all of the other Rotary members are to be congratulated on the splendid program they are lining up for this year's big event.

This Winter Carnival just doesn't happen, it takes a lot of work and weeks of planning by the committee in charge. This committee has been meeting now for weeks lining up the events and working on new attractions for this winter's extravaganza.

The success of this Winter Carnival will depend on the work and enthusiasm of everyone in Haliburton and surrounding area. It's your Carnival for you and your family to enjoy.

After looking over the great program arranged we can only say that Haliburton is in for a big weekend. In other words it's where the action will be.

This will mark the seventh year of the Haliburton Winter Carnival and we are looking forward to seeing you all right here when the weekend arrives.

Huskies need support

The Haliburton Travelways Huskies team which is presently in second place in the Central Ontario Junior D Hockey League is one of the better junior teams to come out of Haliburton.

This team which appears to have plenty of good hockey talent should go along way when the playoffs arrive and we hope will go on to a possible championship.

The Travelways Huskies game after game have supplied the home fans and others throughout the league with first class hockey action. They are a team that we can all be proud of.

In the above paragraphs we have told you the good news but now here is the bad news. Here we are with a winning team but the management is very upset with the poor attendance at their home games. The crowds have not been all that great and the attendance at most home games has slipped to an all time low of around 200 fans or better.

It costs money in this day and age to operate a team and they must count on local support. They need big crowds at each and every home game to carry on and they also need your vocal support so that they may press on to the championship.

Think it over and come on out to the games and cheer this great team on to victory.

Headline unjustified

Dear Editor:

The title of your front page article on January 3rd, "Snowmobile Pile-Up" we feel was unjustified to snowmobilers.

This head-line did not represent what really happened. There was no pile-up. Many people do not read beyond the headline, therefore this article amounted to another slur on snowmobilers.

This news should never have been coupled with Minden break-ins as there is no comparison to the seriousness of the two news stories.

Yours truly,
Nancy and Bill Picard

Rules relaxed

To the Editor,

After the overthrow of the Marxist Government of Salvador Allende of Chile in September 1973, our External Affairs Department, along with the Immigration Department, promised that Canada would accept between 300 and 500 refugees from this regime. Immigration rules were greatly relaxed in order to make this immigration as fast as possible. The usual criteria for admittance to Canada were waived; such as the point system, relative sponsorship and physical and mental health requirements.

Only hasty health checks were made. The one definite rule set forth for these prospective immigrants was to swear an oath that "they would not indulge in political activities until they had been in Canada long enough to become Canadian citizens". This promise was quickly broken by one of their leaders, Mr. Jaime Iturra, who held a press conference upon landing at Malton Liberation of Chile". Since that time this Committee has held meetings in Toronto. It would appear that many of these Chileans have not heard of the old adage most Canadians include in their code of ethics for honour and good citizenship -- A Promise Made Is A Debt Unpaid!

Apparently Mr. Andras has forgotten this part of our code of honour also. After his initial promise of November 29, 1973 that only 300 to 500 Chilean refugees would be admitted, he announced on December 21, 1974 that a total of 1410 had gained entry to this country. On this same date, Mr Andras also announced that Canada would accept 2000 more "Chilean refugees from countries all over South America". These also will be allowed entry under extremely relaxed Immigration rules.

Many Canadians believe our Government is making a grave error in this latest immigration, under the same very lenient rules. We are led to believe that our

Immigration Department is unable to ascertain whether the 2000 people involved in this particular immigration are actually true citizens of Chile, or are as our Ambassador Ross labelled them "the riff-raff of the left".

Aside from the above, many businessmen believe Canada is facing an economical crisis during the next several months, with an expected rise in Commission with an additional 2000 people who no knowledge of our language or form of Government, seems unreasonable and points to a total lack of sensible economic planning.

A more reasonable solution to the problem of relocating these refugees would be to extend some aid to them in settling permanently in a country whose climate is more suited to their needs -- in language, weather and ideologically where they could practice what they preach.

If you are concerned about the speedy manner in which this second immigration wave is being processed, write and express your view to the Honourable Robert Andras, Minister of Immigration, House of Commons, Ottawa, Ontario.

Greetings from England

The Mothers' Hospital [SA]
Lower Calpton Road
London, E58EN, England

December 1974

Letter to the Editor

My dear Friends:

As you can appreciate, this letter is written with very many mixed emotions! Not only is it early to think Christmas - it is painful to think Christmas as well, when I am removed from family, friends and all that is familiar. However, it is also thrilling to think Christmas as I contemplate again the coming of the Christ Child to be the Saviour of the world! These are just some of the feelings I have as I write my Christmas greeting.

Mothers' Hospital is located in the east end of London in the Borough of Hackney very near to the geographic birthplace of The Salvation Army. For sixty-one years the Hospital has been rendering service to this area - first to unmarried girls and then to all women needing obstetrical care. The facilities are adequate, but old. Slowly I'm accepting the shock of being without Canadian luxury!

The course in midwifery is interesting and will prepare me well for the clinic in Malaysia. It is an excellent learning experience - not only in obstetrics but in general medicine as well. I am grateful to God and The Army for the opportunity of being here. Our tutors are fine Christian girls, as are all the Ward Sisters (not Head Nurses) and many staff as well. Each morning ward prayers are conducted with the patients as well as ward services every Sunday led by the staff.

Nurses from all around the world are here studying. It has been a special privilege for me to make new friends and learn to appreciate different cultures. In my set (class) alone, there are eight girls representing five countries. A new set begins each three months.

As well as greet you, I would like to say "thank you" to all of you for giving me such a lovely send off from Canada. How humbled I was at your kindness and generosity. Thank you all very much!

It is my intention that this shall be the first of many letters that I shall send to keep you informed of my work. Please pray for me!

O COME LET US ADORE HIM,
CHRIST THE LORD!

With my love,
Betty

Pictured above on the left is Murray Fearrey, warden of Haliburton County seen receiving an expensive painting from local artist Bruce Mills at the final county council meeting for 1974 held in the council chambers in Minden on December 18.

This beautiful painting is to remain in the County Council Chambers as his Centennial gift to the people of Haliburton County - to every man, woman and child and their children's children.

Warden Fearrey thanked Mr. Mills for his substantial contribution to the County, making history in this centennial year.

The plaque under the photo reads as follows. Donated by the artist, Bruce Mills to the Provisional County of Haliburton in its Centennial year and presented to the warden Murray Fearrey on December 18th, 1974.

We might mention here that Bruce Mills was the architect who helped design the present county building.

Mr Mills is making his presentation of the painting spoke on the field of art and quoted paragraphs from John Herron, who writes the monthly letter for the Royal Bank. We quote from the letter with the heading What Use is Art?

The artist painting a landscape is not trying to describe the visible appearance of the landscape as a photograph would show it, but to tell us something about it, an original discovery made by him which he wishes to communicate to us.

This is why looking at fine art is different from looking at an illustration. We do not seek photographic accuracy but a portrayal of a slice of life that is intelligible, informative and perhaps elevating.

Tolstoy said in his essay on art: "Art is a human activity consisting in this, that one man consciously, by means of certain external signs, hands on to others feelings he has lived through, and that others are infected by these feelings and also experience them." This means that art is not an ornamental addition to life, but an organ of human life translating man's perception into feeling. Art is not a matter of deftness of hands only, but the work of the whole spirit of man.

Their art is not an escape from reality. To ignore the dark and sometimes terrible side of life would doom the artist to shallowness. But horridness for the sake of horridness is anathema to artists who seek to contribute something toward the redemption of life from brutality.

Appreciation of art releases us from our claustrophobia and gives us a wider outlook. It helps us to rise above life's trivialities and to subdue its turbulence. Its purpose is not to help us to escape from life but to enter into a larger life.

OPP Commissioner says:

Strict laws alone will not reduce snowmobile mishaps

Ontario Provincial Police Commissioner H.H. Graham warns: "strict laws alone can not reduce snowmobile mishaps."

A light dusting of snow, a little nip in the air and out comes power on skis. Too often little concern is given to the fact that the lake is not adequately frozen, patches of bare earth still exist, or that the machine has not been serviced.

Suddenly, a mature,

sensible man is reduced to the level of an irresponsible person. The result can be broken machines, broken bodies and broken hearts.

Since the 1974-75 snowmobile season began OPP members have investigated ten fatal snowmobile mishaps in which four persons drowned and seven died after their snow machine collided with a fixed object.

Commissioner Graham reminds snowmobilers, "the

only sure way to avoid needless suffering and tragedy is for each snowmobile operator to become aware of his moral responsibility towards himself, his family and his neighbour.

"Common sense and good habits are infectious. They will contribute to the reduction of serious injury and death that are now too often associated with the sport of snowmobiling."

By Reg Booth

It has been proposed to hold Council Meetings for Anson, Hindon and Minden on Mondays instead of Wednesdays. This will give Councillor Gorrie a better opportunity to attend.

If anyone has any real reason why this would not be in the interest of the Municipality as a whole, I would be very pleased to hear from you.

The first meeting of Council for 1975 was held on Monday, January 6. The first meeting is held in accordance with the by-law, and follows a pattern which appoints the committees for the year, and also passes the necessary by-law to allow borrowing for the year ahead.

lingwood to honour Jock Hunt. The occasion was to mark the end of more than

28 years of service in the Ministry. Jock was Manager of Ontario's only Maskinonge Hatchery at Deer Lake, close to Cordova and Havelock Ontario for the past 15 years.

Jock and his wife were treated to dinner at the Collingwood Holiday Inn. Later in the evening Jock was presented with a gift to assist in decorating his new home. Everyone in Lindsay District wish Jock and his wife well for the future in Collingwood. Friends of Jock may contact him at his new location - R.R. #1, Wasaga Beach, Ontario.

Retirement party held

December 22, 1974 marked the end of 33 years, four months service with C.N. for engineer George Grant of Belleville.

Hired as a fireman on September 27, 1941 he had handled all trains in and out of Belleville.

His last two years were in passenger service on the Toronto-Brockville and Ottawa runs. His final run was on No. 60 the Rapid. Toronto to Belleville.

Met at Belleville station he was congratulated by many of his friends, after which he and his family were "At Home".

One of his first runs was on the I.B. and O. where he

met and married the former Patricia Tallman in 1946. Their family includes three boys and three girls and two grandsons, all well known in this vicinity.

Future plans include a trip to Florida with their travel trailer for three months, then to their retirement home in Wilberforce.

Their many friends wish George and Pat "Bon Voyage".

The fit never quit.

Ontario fishing seasons announced for 1975

Opening and closing dates of the 1975 fishing seasons for all species have been announced by Natural Resources Minister Leo Bernier and summaries of the Ontario Fishing Regulations are now available from offices of the Ministry. I releasing the summaries, Mr. Bernier pointed out the following major changes:

an all year open season on rainbow and brown trout in the Great Lakes and a few designated stream mouth areas. Presently, there is no closed season on Pacific salmon, lake trout and splake in the Great Lakes.

the open season on brook and brown trout has been extended in the fall from September 15 to 30 in Divisions 3 and 4 (South-

western Ontario).

a combined limit of 5 per day in any combination has been established for Pacific salmon and trout (excluding brook trout) except that no more than 2 may be lake trout or splake from Lake Simcoe, or 3 from all other waters. This should alleviate the problem some anglers have in distinguishing between coho salmon and rainbow or brown trout.

some additional twenty short-term fish sanctuaries have been established in various parts of the province.

an increase in angling licence fees for non-residents from \$8.50 to \$10.75 for seasonal permits and \$5.00 to \$6.00 for the three day licence. Also, the

resident Canadian angling licence fee (not required by residents of Ontario) is increased from \$3.00 to \$4.00. Both increases are effective January 1, 1975.

a split season for lake trout in Lake Temagami (January 1 to March 15 and from May 17 to September 30) has been set. Similarly, a shorter season for yellow pickerel (May 24 to March 15) has been established for Lake Nipissing.

To accommodate these changes, both Temagami and Nipissing have been set apart as separate divisions - 26 and 27 respectively.

Division 26 includes all the waters of Lake Temagami.

Division 27 includes Lake Nipissing and some connecting waters. For the benefit of those anglers who intend to fish Lake Nipissing a description of Division 27 is attached.

Fishermen are reminded that the 1975 Summary of Ontario Fishing Regulations is not a legal document, but it is published for convenience only. For more detailed information reference should be made to The Game and Fish Act and the Ontario Fishery Regulations.

Bible Seminar at Full Gospel Lighthouse

The Full Gospel Lighthouse in Haliburton hosted a biblical study seminar on January 2 and 3. Local members and friends of the

church were joined by visitors from Harcourt, Apsley, Minden, Lindsay, Brockville, Napanee, Toronto, Bramalea, Aylmer, London and Petrolia.

billeting and feeding such a large number of people. Another, similar conference is planned for next year in Bramalea.

Three speakers were invited for the Conference. Mrs. Rae a missionary with the China Inland Mission was inspiring as she recounted something of her experiences in China before World War II and her personal escape over the infamous "Burma Road".

Rev. Lynton Fairhurst, a former Haliburton pastor, spoke to the congregation on the subject of individual ministry.

The keynote speaker was the Rev. Glen S. McLean from Eston, Saskatchewan. Rev. McLean is pastor emeritus of the Eston Full Gospel Church and president - faculty member of the Full Gospel Bible Institute.

Over half a dozen Haliburton residents have graduated from this school which this year has 165 students.

In recent years Mr McLean has followed a natural interest in geology and archeology and has made a number of important Indian archeological finds. He is a founding member of the Saskatchewan Archeological Society. His studies in these scientific fields integrated with his Biblical Studies, have led him to some interesting conclusions which formed the basis of his three presentations to the conference.

His topics were **Creation or Evolution? Catastrophism or Uniformity?** and **Catastrophism in Prophecy**. The second presentation was most informative for the student of secular and biblical history and opened up new perspectives for many people gathered.

The Conference went on record thanking the pastor and congregation of the Full Gospel Lighthouse for the excellent arrangements in

Manpower Statistics

The Canada Manpower Centre in Peterborough was responsible for placing 421 persons in regular employment during December. In addition 47 were placed in casual type work.

According to R. Johnston, Supervisor of Services, this figure is a significant increase over the 375 placements in November, and up from 358 in December of 1973. This increase in placements was mainly attributed to the hiring activity at the Post Office and the commencement of a number of L.I.P. projects.

At the end of the month 4616 were registered with Canada Manpower as being unemployed and seeking work. This figure includes 238 students seeking part-time work.

As of 31 December, 1974, 254 students were attending

Sir Sandford Fleming College under the Canada Manpower Training Program. A number of vacancies are still open for January starts in this Training Program.

Olympique from Ski-Doo has been built so well for so long, snowmobilers have come to think of it as "The reliable machine".

But that's not all Olympique is!

With its front-mounted twin cylinder engine, season-stretching "Tornado" Cooling system and T'NT-type slide suspension (on the 340), Olympique '75 delivers the same kind of fast, easy handling, smooth riding performance you've come to expect from machines without its reputation for reliability.

And to prove it, all you have to do is ride it!

Gems of Truth

THE EMPTY THRONE

With the message of the angel "Gabriel" still ringing in our ears, we need to ponder anew the full meaning of the heavenly messenger's promise made to Mary of Nazareth. The first part of that announcement has been well received and the promised One born and named as directed. But what about the second half of the message?

"Fear not, Mary; for thou hast found favour with God. And, behold, thou shalt conceive in thy womb, and bring forth a Son, and shalt call His name Jesus. He shall be great and shall be called the Son of the Highest; and the Lord God shall give unto Him the throne of His father David; and of His Kingdom there shall be no end". (Luke 1:30-33)

The question arises whether this second half of Gabriel's pronouncement is to be literal or has it reference to a spiritual Kingdom? Since every word of the first half has been actually fulfilled, why should not the second half do the same? David sat upon a literal throne, not just one that could be spiritualized. When did Jehovah God give to Jesus the throne of His father David? When did He reign over the House of Jacob forever?

The answer to this lies in what the Scriptures teach about that throne, the throne of David. What does the Word of God say about the kingdom? Is not the Person and work of Israel's Messiah, our Lord Jesus Christ, the subject of all prophecy? Peter writes about the searching of the prophets and the manner of the time the Spirit of Christ testified beforehand of the

sufferings of Christ and the glory that should follow. (1 Peter 1:10-11)

The sufferings of Christ, and the rejection of Christ which culminated in the Cross of Christ, followed by the resurrection of Christ are accepted facts even though they were foretold in the Old Testament. Why should not the same be true when the Prophets tell us about the Glory of Christ? The golden line of royalty is even more marked in the Holy Scriptures than the red line of His atoning work.

The kingly line comes to full view as the Holy Spirit

enriched the vision of David concerning Him who is to have his throne and the Kingdom to follow. The Spirit of God sweeps across the strings of his harp and he sings by revelation of that King and the glories of His Kingdom. Listen to him! Look at Psalm two, eight, followed by sixteen and twenty-four and others. Truly David had something to sing about.

That King was born! The angels sang about it, the wise men came to see Him, but the throne remained empty. It has been empty ever since, and all the world

misery, its want, its horrors, its sorrows, sufferings, disorder, chaos and every sort of evil have followed that empty throne. And furthermore, it will remain thus until the rightful occupant returns to fulfill all that is Written.

That throne will not remain empty, it will be given to its rightful Owner in due time. But who will put Him on that throne? Not man. Not the Jews. Not the nations. Not even professing Christendom. But it is written, "the Lord God shall give unto Him the throne of His father David." He will return and will sit on that throne in Person. Even so, Come Lord Jesus. (Revelation 22: 19-20).

Is this in the Bible?

Many people can hear a statement so many times, that they become convinced that it is in the Bible. Many of the statements that sound like Scripture are not. Below are 30 quotations. Read them carefully and check the ones that you feel are Bible passages.

- 10. The time is out of joint.

- 12. Familiarity breeds contempt.

ders to perform.

- 15. God helps those who help themselves.
- 16. To err is human, to forgive is divine.
- 17. Charity begins at home.
- 18. All's well that ends well.

Halls Lake news

Happy New Year to one and all! It seems strange that all the festivities are over and now we are looking forward to the school holiday break. With the lovely fresh snow we find people coming back just for ordinary weekend excursions.

The residents of Hyland Crest Home were treated to a sight-seeing tour around the Minden area the Saturday evening before Christmas. The lovely coloured lighting which so many homes were adorned with, along the main streets, the stores and other places of business were especially nice this year. Along the Gull River where the lights reflected in the sparkling water was especially pretty. Frances Crawford drove the bus and Mrs Bursey, Mrs Rawlins and the Kirkwoods helped with the residents. Everyone enjoyed the tour very much and appreciated the gift of the tour.

Mr and Mrs Peter Klassen and family of Ethiopia were visitors at the homes of Miss M. Johnson and Mrs Wm. Gartshore from December 21st to 23rd. It was nice to meet them again at St. Stephen's Church at the Candlelight Service on Sunday afternoon.

Several members of St. Stephen's Church joined with St. Peter's of Maple Lake in their Candlelight Service of Carols the Sunday before Christmas. Both churches were beautifully decorated by the ladies of the Churches. The service at Carnarvon was also lovely and the music under the direction of Mrs Marilyn Stouffer, organist, was especially beautiful. All these services were well attended.

Mrs William (Lizzie) Johnson spent Christmas and New Years with her Grandson and his family in Little Britain.

Miss Ella Forsyth spent Christmas with Mrs. E. Bursey, and they along with the Rawlins joined the Stinson's for Christmas dinner and evening of games. Bonnie Stinson and George Holliday were home for four days from Mount Forest.

We heard wonderful

reports of the Old-Fashioned Christmas Concert at Zion United at Carnarvon. Old and young alike love these special concerts and the capacity crowd seemed to feel that particular one was excellent.

The Stanhope Firemen sponsored a Christmas Party for seniors and the little people at the new Fire Hall on the North Shore Road. Gifts for each person and refreshments were provided and that same evening they held their own Firemen's Party. All of these events were reportedly huge successes. The Fire Chief, Richard Kinsman, is real proud of the enthusiasm of his men and the response each one makes to fire calls, practises each Monday evening and these special events, showing they work well together and enjoy it at the same time, which is good for a volunteer fire brigade.

There were over 60 entries in the recent Stanhope Firemen's Contest for a crest which was open to all students in the County. The first prize went to Miss Carolyn Kinsman of Boskung Miss Joanne Hughes of Minden came second, and Mr. David Barker of Boskung came third. Congratulations to these enterprising young folk and to all who entered the Contest. The Judges for the Contest were impartial and the awards were made for their quality. We trust we might see the actual entries posted somewhere shortly.

Miss Carolyn Kinsman spent the holidays with her Grandparents, the Shepards, in Florida.

Mr. Donald Goodwin of Huntsville will be moving to Arnprior shortly to continue with his position in the Department of Tourism and Industry. We are sorry to see him go as he has worked closely with the Chamber of Commerce for Haliburton County for some years and has been interested and helpful. Don has a quiet pleasing personality; we do wish him well in his new location.

The New Year's Eve Party at Club 35 was a great success! The music, provided by Elmer Russell and His Boys, Scott and Stuart,

Curtis Gartshore and Archie Trumbull and our own favourite pianist "Pop" Hart at the piano. The inimitable Bill Gartshore did a wonderful job of calling for the Square Dancing. Florence Lindsay and her Committee did a real job on the Buffet Supper at midnight. Art Hunt and Len Stinson put on a little Skit - the old Year and the popular New Year's Baby which went over very well. Mr and Mrs Lou Penick of Hamilton provided the Club with beautiful decorations and the members did a professional job of decorating the Hall. A capacity crowd with everyone having a happy time made for a real good party. Guests from as far away as Kingston, Carlisle, Hamilton, Ancaster, Minden etc. joined in the fun. Thanks to all those who

worked so hard and supplied so many talents and good food etc. decorations, music etc. all of which combined to make it a night to remember at the Club.

Several local couples attended a New Year's Eve Party at the Barkers of Lil Chick Inn and report having an excellent time. Many of the Stanhope Firemen and their spouses attended that particular party.

Carolyn and Rick Fuerth and little son Jason spent the holidays with her mother at Little Hawk Lodge. They drove here from Woodlee.

The newlyweds, Ken and Leslie Rawlins visited his parents at "Aklamali" last weekend. Miss May Spence and her friend from Toronto spent New Years with the Rawlins and all joined the Stinsons, the Al Rawlins and the Sinclair Russells at Elsie Bursey's for New Year's dinner and evening of fun.
